Leading Actress: Tilda Swinton, in Michael Clayton
Best Picture: No Country for Old Men

President Ed de Rosset has led Union to accomplish much this year. Here are just a few examples of his leadership in action:

- near record enrollments in both the undergraduate and graduate areas AGAIN,
- the completion of the lower level of the Soldiers & Sailors Memorial Gymnasium into a wellness center for student use, including cardio & strength training,
- expansion of programs at the London Center, including a 2+2 agreement with Somerset Community College,
- professional grade synthetic turf installed on the football/soccer field
- student participation in Campus Activities Board events was at their highest in recent years, including bringing back the Spring Formal with record attendance,
- an Honors Program was launched this year, with 27 students admitted for fall 2008,
- a new social work program which will begin accepting students in the Fall 2008 and a Leadership program which will also begin Fall 2008.

The athletic program has enjoyed another banner year, as the various sports programs have combined to win 5 conference championships and 3 NAIA Region XII championships, and 7 teams have advanced to the NAIA national tournaments, including our baseball team going to NAIA World Series for the first time ever in our history and implemented new emergency preparedness measures and updated the crisis/emergency management plan, including a campus wide-alert system.

Common Partners are ...

The Common Partners Intern Program began in August 2004. It gives selected Union College students experience in event planning and project coordination related to community service. Common Partners serve a minimum of 7 hours a week in the office and attend weekly training.

This year's Common Partners were: Angie Armstrong, Travis Carmack, Krystal Hale, Magdalyn Mayes, Stephen O'Donoghue, Renee Hobbs, Raina Birchfield, Ashley Brown, Jeffrey Howard and Amy Smith.

Bonner Scholars are ...

Union College's Bonner Program provides service to the community through committed volunteers. With the Corella and Bertram F. Bonner Foundation of Princeton, New Jersey, it provides selected full-time students with support to go to college and continue community service. For those awarded the Bonner Scholarship, this support includes financial aid.

The Bonners at the end of this year were: Angie Armstrong, Ruth Arnold, Marcus Ashcraft, Betty Begley, Ashley Brown, Travis Carmack, Eden Ellison, Jared Ford, Ashley Gattis, Renee Hobbs, Jeffrey Howard, Bubacarr Jallow, Matthew Johnson, Jonathan Kinsey, Magdalyn Mayes, Mollie Messmer, Geri McCartney, Paula Mosley, Stephen O'Donoghue, Elise Ratterman, Habib Sanogo, Sideek Sanogo, Amy Smith, Andre Thornton, Lon 'Sonny' Whitson and Autumn Willoughby.

Children's Art Program

A three nights a week program that uses art to boost kids' creativity, confidence, social skills and self-esteem.

C.R.U. @ U Campus Crusade for Christ

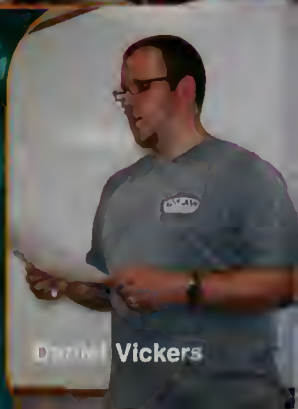

Campus Crusade for Christ International provides regular group opportunities to study and discuss the Bible, worship, pray and promote fellowship, encouragement and spiritual development among members. The Union chapter brought in outside speakers, videos, books, articles, retreats and even held a sand volleyball tournament.

President: Daniel Vickers, Vice President: Stewart Miller, Treasurer: Brennan O'Quinn, Co-treasurer: Austin Maples.

Lively debates

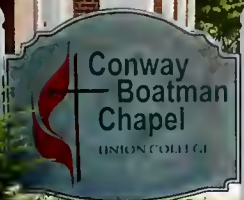

There are no members because everyone is welcome, whatever their beliefs. Meetings were held on campus weekly in the Fall semester, then moved to the First United Methodist church in cooperation with Lamppost, as a partnership with FUMC in Barbourville.

Open group

Union College is a United Methodist institution, charged with helping its students embrace six core values. Key among these is spiritual quest:

Spiritual Life

We espouse the spiritual quest. We challenge each other to discover, intellectually articulate and claim a life-affirming spiritual faith and/or philosophy of life.

Ecumenical and Interfaith Forum: Every semester a panel of religious leaders and area faculty members examine a topic (like war or immigration) and answer questions.

This was the Ethics and Spirituality Forum on the Environment (right), where panelists included Andy Messer and Dr. Sisson.

David Miller (above, left) is the Campus Minister of Union College. He leads the college in prayer throughout the year at special services and many sports events. Through a variety of initiatives he also helps and sponsors groups and individual students setting out on their spiritual quest...

In partnership with the Rev. Joel Allen Union hosted a joint Homecoming Worship service with the First United Methodist Church, part of a program to bring Union and the wider community together.

The speaker for the Wilson-Gross Lectures was the Christian environmentalist writer Dr. Matthew Sleeth (right).

Spiritual Life Fellowship night (right) - a discussion on moral matters is always helped by a little pizza and a game of Uno!

Since 2004 the Humanities Interfaith Trips, in cooperation with Prof. Jon Cooley, have taken hundreds of students to Louisville, Lexington, Knoxville and Atlanta to see first-hand Hindu, Jewish, Muslim, and Greek Orthodox Christian worship practices.

Spiritual Life also co-sponsors all the Alternative Fall and Spring Break trips. These allow Union students, staff and faculty to travel to places as far away as Washington, D.C., (right) New Orleans (see page 119) or New Jersey to do service work and see first hand the different problems faced in other parts of America.

Women's Soccer 2007 Recap

The 2007 season brought a lot of optimism to the Lady Bulldog soccer team. The Lady Bulldogs only lost one senior from the previous season, and added a freshman recruiting class that consisted of five solid players from all over the country. The Lady Bulldogs also had a couple of former players rejoin the squad to help give it some depth. All in all, things looked good for the Lady Bulldogs.

After dealing with a slew of preseason injuries and heat illness issues, the team hit a nice stride early in the season and scored a big conference win over Tennessee Wesleyan, 1-0. The ladies used that momentum to go on to win three of the next four matches, including wins over conference foes Bluefield College and Bryan College.

After traveling to Montreat and coming home the victor in PKs, the Lady Bulldogs made another appearance in the AAC conference semi-finals. The team played a great match, but fell to eventual conference and region champions, King College 2-0.

This season's seniors, Amanda Weber and Karin Moore, were looking to improve on the 6-13 record from the season before. Under their leadership, the team finished the regular season with a 7-7-1 record and 3-3-1 record in the conference, good enough for a fifth place finish. The total record for the season was 7-8-2, finishing with one more win than the previous season and jumping two spots in the conference.

With recruiting in full swing, this is a very important spring for the Lady Bulldogs. They have been working hard in the weight room, in the swimming pool, and on the training pitch. They are competing in tournaments this spring at The University of the Cumberlands and NCAA Division II power Carson-Newman College. This all to help prepare them for the upcoming season, a season where they vow to finish higher in the conference, and to add to the success that was started this season.

I spent my four years here at Union playing soccer and enjoyed every bit of it. The team was more like a family to me and I'm going to miss them all. Karin and I, being the only seniors, have been able to see the women's program grow and can only hope that it gets better. I wouldn't trade my years at Union for anything. Being able to play soccer in college was a huge achievement and I'm really grateful for this whole experience. I'm a sports management major with a minor in marketing. I plan on coming back to Union for another semester to finish classes and be the student assistant for the soccer team. It will be a different experience being on the other side of things but I hope to help out as much as I can. When I'm done here I plan on trying out for a few soccer teams either here or back in Canada. Also, I hope to be a sports promoter for a professional team here in the States.

I have truly enjoyed my four years at Union College. I have developed the greatest friendships and have had the best experiences of my life. Being a part of the women's soccer team has been so much fun, I have so many wonderful memories. After graduation I plan to continue my education in nutrition and have a career as a nutritionist.

SENIORS

Joey Waters

Honors include: MSC East Offensive Player of the Year, 1st team All Conference (2x). He ended his senior season by setting the single season records for completions (253), attempts (422), yards (3,216) and touchdowns (27). He finished his career with 7,880 yards and 66 touchdowns. He also owns or shares 11 program records.

Shawn Kelly

Honors include: Breaking single season receptions record (69), single season yardage record (899), 4th player in Union history to obtain 100 receptions. He ends his career 2nd on the all time receptions list.

Chris Murphy

Started in 27 games in his four years at Union. He was the anchor of the offensive line.

Colby Wilson

Honors include: Mid South Conference 2nd Team 2007. Ended his senior year with 35 tackles, 4 sacks & 2 fumble recoveries.

Patrick Kallendorf

Honors include: All Mid South Conference 2nd Team & All Region Honorable Mention 2006. Ended his senior year with 13 career tackles & one fumble recovery for a touchdown.

David Hammer

Completed three tackles on the season with one kick off return. He ends his career with 6 carries, 20 yards and 1 touchdown.

Chris Collopy

finished with 32 career receptions for 546 yards and 6 touchdowns. As a junior, he tied for the team lead in receptions with 17 while scoring a career-high 4 touchdowns. The 2007 campaign was his best season with 24 catches for 250 yards and 2 touchdowns.

Nick Ruggieri

Nick has been an important member of the Bulldog offensive line, helping clear the way for the team to set numerous school records. Although an offensive lineman, Nick does have one reception to his credit thanks to a heads up play against UVA-Wise that netted two yards.

Patrick O'Neal

Honors include: Preseason Top 5 Linebacker in the Nation, 1st team All Conference Academic(3x), 1st team All Conference Defensive(3x), 2nd team All Cosida Academic All American ESPN, 2nd team All American Don Hansens Gazette, 2nd team All American Victory Sports Network. Ended his senior year by breaking the record for season tackles(143), tied the single game record for tackles twice with 20 and became 2nd All Time Tackler at Union.

Ryan Chambers

had 57 career receptions for 958 yards and 6 touchdowns. He tied for the team lead in catches as a junior with 17 receptions. In 2007, Ryan had 22 catches for 356 yards and 2 touchdowns.

The 2007 Bulldog Football season was anything but ordinary; it proved triumphant for a team of ten seniors. This season marked the first win against the rival Georgetown Tigers, as the Bulldogs hadn't beaten Georgetown since 1938. The Georgetown win, being the final game for the Bulldog seniors, capped off an extraordinary season. Beating Georgetown was not the only thing on the Bulldogs' agenda this season, as several seniors looked to etch their names in the record books. A trio of senior consisting of Joey Waters, Patrick O'Neal and Shawn Kelly did just that. Waters now owns or shares eleven program records including single season records for completions, attempts, yards and touchdowns. O'Neal broke the single season record for tackles and tied the record for single game tackles twice. Kelly etched his name on the All Time Receptions list coming in second and also broke the single season reception and yardage records. The 2007 season will be remembered as a year of record breaking with ten remarkable seniors that led the way.

USA CYCLING NATIONAL CHAMPIONSHIPS

USA CYCLING

This past year for the Union College Cycling Team has been as spectacular as the history of the bike itself. Just as the history of the machine has gone from the walking machine in 1817 to the state-of-the-art aerodynamic cycles of today, the Cycling Team has developed into a fine tuned machine over the course of the 2007 season. The diversity in the group is a testament to the determination of the team.

The 2007 Cycling Team has traveled great distances and covered many more miles on their bikes to earn the title of **4th in the nation at the NCCA Division II Championship (NATIONALS)** in Banner Elk, North Carolina. The riders that represented Union at Nationals were (pictured top left)

Amy Russell, Karen Caldwell, Jamie Bonza, (top right) Zac Moore, Gregg Gibson. Jonathan Turner, and Zach Winn. Other honors that have been given to individuals are: **MidWest Collegiate Cycling Conference Rider of the Year** to Zach Winn and **NCCA All-American** to Gregg Gibson.

Ready, Set, CHEER!!!

Back Row (Left to Right): Coach Heather Wilson, Rachel Fore, Brittany Burchfield, Chase Pietrowski, Will Bingham, Nick Ruggieri, Michael Ealy, Madalyn Kamkar, Allison Broughton, Mac the Bulldog.
Middle Row: Tiffany Gambrel, Allison Shanks, Ashley Poore, Jamie Bonza, Brandi Hubbard, Geri McCartney, Brandy Ledger, Mandi Smith, Bethany Vickers, Brittany Trent.
Front Row: Johna Hale, Chelsea O'Connell, Sasha Davisson, Kerri Otto, Brittany Asher, Kristina Lehman, Megan Carnes, Tara Tye, Rebecca Mills, Shaunda Mills.

Nick Ruggieri, cheered for 5 years at Union. "My favorite part of cheerleading was getting a chance to hang out with Michael Ealy."

Kristina Lehman, cheered for 3 years at Union. "Partner stunting with Nick was my favorite thing while cheering here at Union."

Michael Ealy, cheered for 3 years at Union. "My favorite part of cheering was my Senior year: getting a new coach and going to competition."

Ruth Arnold, cheered here at Union her freshman year, but soon found out her real passion was being 'Mac', UC's infamous bulldog mascot.

Heather Wilson, first year coach for Union's Cheerleaders. She accomplished a lot throughout this past season. She led the cheerleaders all the way to Can-Am Nationals in Myrtle Beach, SC.

Top (left to right): Rebecca Mills "twisting" out of a stunt. The cheerleaders first "2-2-1" at a football game with Tiffany Gambrol and Megan Carnes holding up Rebecca Mills. Bottom (left to right): Kerri Otto flying in a "full" on her stunt group. Rebecca Mills and Megan Carnes flying on Jamie Bonza in the "One-Bad B" stunt. Allison Shanks showing off her amazing "aerobesque". Michael Ealy at the center of attention during one of the quarter cheers. Rebecca Mills doing a "side-cupie" to the crowd. This year our cheerleading jumped quite a few hurdles. After losing their coach during pre-season, Heather Wilson stepped into the coaching position, and started from scratch with the team. With her hard work, and the teams' dedication, the cheerleaders went all the way to nationals. This was the first time for the team to go to competition in several years.

The team went to nationals, and came back with a fourth place team trophy. There was a single stunt group competition as well. Our women placed first bringing home a single group first place trophy, along with personal medals and jackets.

The 2007-2008 basketball season was a good season considering all the injuries we went through. We were able to win 19 games this year and advanced to the second round of the conference tourney. It was a real challenge to keep up with who was healthy enough to play this year. We had 7 of our top players out with injuries for most of the season and were without the services of Senior Ryne Bretz for all but the first 4 games and Sophomore Brett Miller had to miss the entire season. The other guys had various injuries throughout the year.

Chris Stunson and Kevin Jones were our two Seniors with Brian Kirk graduating this year even though he has one more year of eligibility left. These guys did a good job leading the team this year. They all battled through nagging injuries and full school loads to have good senior seasons.

Sophomore Aaron Dunaway was our leading scorer while fellow sophomores Anthony Coote, Kearney Demus and Nate Peyton provided good minutes and energy bursts throughout the year. Freshmen Mike Hester, Josh Hurd, James Johnson and Bill Davis all also gave valuable contributions to this year.

We hate to lose the three who are graduating but we are looking forward to next year with as many young players as we had. I really think the young guys gained some valuable experience and they are just going to get better. Recruiting is going well right now and I think that next year we have a chance to really improve.

Union College has
The college
basketball experience has enabled me to develop some great
relationships. Through the good times and bad, Union basketball has
made me a better person, father, and helped to prepare me to enter the
real world. Coach Combs has always been a great coach, person, and
most importantly a caring friend and mentor.

Next year I plan to become a high school math teacher and possibly a
basketball coach. I am really looking forward to having a chance to help
adolescents develop into prepared college students. As far as where I
am going, my plans are not yet set.

Men's & Women's SWIMMING

Coach Rafael Forti comments: "The 07-08 swim season proved to be a good one for us. Our swimmers were able to obtain improvements across the board. We have doubled the number of qualified swims at nationals, both individually and on relays. Also, the level of our swims improved. Several team records fell, EVERYONE had improved performances, and we have had our first Christmas training trip, which took place in Campinas, Brazil. We have many reasons to be pleased, which encourage and motivate us to have an even better season in 08-09."

AAC Championship

With plans to defend their Appalachian Athletic Conference (ACC) Title the Union College Woman's Softball team welcomed help from freshmen Sherry DeVault and Ashley Tatman. DeVault, a graduate of Fisher Catholic High School, hosted a 3.67 earned run average (ERA) with 97 strikeouts. The Baltimore, Ohio native received praise with the Pitcher of the Week nod, on April 21, 2008 for both AAC conference and Region XII. Ashley Tatman brought pop to the Lady Bulldog line up. The freshman from Lexington, KY led the team in hits with 60, homeruns with 4, and played in 56 games, more than any other Bulldog. Sarah Driver returns to the pitching circle with AAC and Region XII Pitcher of the Year awards under her belt, and held a 1.95 ERA with 195 strikeouts. Driver led the Bulldogs in batting average with a .358 average. She also led the team in doubles with 17, and walks with 14. Hopkinsville, KY is

home to Driver and teammates, Bethany Outland, Ryan Travis and Lyla Blauser. Ryan Travis, a sophomore, held down first base and recorded a fielding percentage of .982, the second highest on the team. Bethany Outland caught for the Bulldogs and fielded an outstanding .991. In addition Mallory Lavoy (Temperance, MI), Andrea Green (Fankfort, KY), and Suzannah Behnken (Tempe, AZ) all completed all ACC games without completing a single error. Behnken also hit the programs first ever Grand Slam, which helped her tie the record for most runs batted in (RBI) in a game with 5. Lee Davis, a returning sophomore hit an even .300 at the plate and led the Bulldogs in Runs Batted In with 33. The foundation of the team was senior, Lyla Blauser who hit .369 and completed a 10 game hitting streak. Blauser has solidified her name in the Union College record book. She holds 12 Union College records and three NAIA records for stolen bases and hit by pitches. Union had a season high of an eight game winning streak. In the post season Union finished second in the AAC losing the championship game to Milligan College (TN). Union advanced to the Region XII tournament and finished one game away from the regional championship game. Ashley Tatman and Sarah Driver lead the Bulldogs to a 10-6 AAC record and were awarded with All Conference First Team and All Region First Team honors. Union finished 24-29 overall.

Coach Comments

This year has been another eye opener... Seeing the girls pulling to Regionals again! All teams have up and downs including ours. One of the most team effort is seeing the girls come together as one as a team. This has shown me the gratitude and self-esteem to award them great. I am looking forward for the same next year but more endurance to come. Hopefully we will reach the top! Go Bulldogs!

World Series

The Union College Baseball team had a season to remember. After finishing 13-5 in Appalachian Athletic Conference, they received a bid to the Region XII tournament in Kingsport, TN. The Bulldogs flew through their Region XII tournament dropping only one game to University of Virginia, at Wise. This marked the second Region XII Championship for Union. Coach Bart Osborne took his team on the road to Lebanon, TN to play the baseball powerhouse, Cumberland University. Union came out victorious with Marty Popham and Lance Dougherty on the mound. The Bulldogs won their first ever South Central Super Regional Championship, in their second consecutive Super Regional appearance. As the team headed to Lewiston, Idaho for the NAIA World Series, they received the number five seed in the tournament. Union beat first round match-up, Asuza Pacific and moved on to play top seeded Lee University. After dropping games to both Lee University and Spring Arbor the Bulldogs were sent home, but not without making a name for themselves in NAIA baseball. Union's offense soared as they scored a total of 24 runs in three games, and finished fifth in the tournament. Joe Grinstead led the team offensively with a .433 batting average this season. Grinstead broke the record for single season runs scored with 78; he also holds the record for single season stolen bases with 46. The graduate of Warren East High in Bowling Green, KY also tied the record for most games with 65; Joe is tied with teammates, David Fairbanks, Justin Hart, Trey Wheeler, and Matt Brady. On the mound for the Bulldogs was Marty Popham from Louisville, KY who has ingraved his name in Union history by holding seven records. Popham struck out 133 batters in the 2008 season and contributed three shut out performances. Out of Popham's 18 starts he collected the win in 17. The Bulldogs played a strong defense behind the Union pitching staff with Hopkinsville, KY native Trey Wheeler holding the single season record for put outs with 448. Sophomore Kenny Kysar not only holds the record for most triples in a career, he also reigns as the holder of most consecutive games with a hit with 21. He holds both records as a junior. The Corbin, KY native finished the season with a .327 average. The Union offense was centered on senior, Justin Hart who held the clean up spot. Hart, who hails from Lake Mary, FL broke the career record for doubles with 55, and then followed up with a new career record for runs batted in (RBI) with 182. Following Hart in the line up was Josh Ehringer who led the team in doubles this season with 21. Ehringer also belted 12 homeruns, the most on the Bulldog roster. After the completion of the NAIA World Series, Marty Popham was named NAIA All-American 1st Team. Both Josh Ehringer and Joe Grinstead were named NAIA All-American Honorable Mention. Completed the season with a 48-18 record.

Last year Union's two tennis teams both made record-breaking runs all the way into the Nationals. Could they match that magnificent effort in the 2008 season? YES! Both the men's and women's teams equaled their best-ever run, reaching the last 16. They have made Union College the dominant force in Appalachian college tennis.

Upward Bound

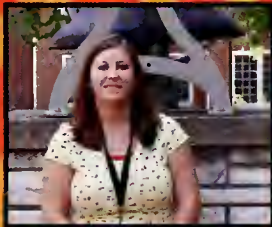

Upward Bound

At Union College

Upward Bound is a free federal initiative encouraging people to do well in school and prepare for college. The Union College program began in 1980. High school students in the 9th grade from seven local schools come for classes on some Saturdays, and are taught by Union College students and staff. For six weeks of the summer Upward Bound students live on campus during weekdays for classes and educational trips.

Other students from Union College also give their time and energy to worthy causes.

Summer of Service

"During my trip to The Gambia in Africa, I worked with the Gambia Red Cross (GRC) in various locations. Most of our work however was in the border areas of Cassamace, a region between the borders of The Gambia and Senegal where political unrest is very common. My trip coincided with fighting between the Cassamace rebels, 'Independence Fighters' and the Senegalese army.

As a result, thousands of Cassamace refugees floated into The Gambia and the GRC was responsible for providing them with food, shelter and mosquito nets. As a volunteer I was in charge of distributing all the above among the refugees. It was a task that I enjoyed and will forever be a part of me. I learned how privileged we "Americans" are and, if anything, the experiences have made me fall in love with the United States of America."

Rion Smith

Union's Dr. Charles Jones and Dr. Fidelis Achenjang led the 5 week Pan African Visions trip to Cameroon. Among their party were students Jamie Van Cleave and Travis Carmack, plus alum Rion Smith.

Funding came from Union and a Fulbright-Hays grant. The group studied the economy, art, ecology, education system, government and elections there. There should be future opportunities to return and do larger scale service projects because of the foundations laid by the group this summer.

"I was impressed with the happiness of the children of Cameroon. Their motto for the summer was: 'Build on a firm foundation, never complete the roof.' Why? Because they knew the work couldn't be completed in one summer."

"I spent three months living in Uganda, East Africa. I primarily worked at an orphanage, but I also did a lot of traveling. I saw the most beautiful birds and the most beautiful people on Earth. It was hard, having to see all of the poverty and pain that came with living in a third-world country. But it was even harder knowing that at the end of three months I could go home and

they would remain behind. This was their home. Wars, malaria, AIDS; these are facts of their lives. I was there for only a short time, but every child I held, every face I saw; they will live in my memory forever. As the Nile flows through the continent and gives life to so many, they gave life to me. I only hope that one day I can return the favor."

"I have seen the heart of America. I stood on the hill where Custer died. I touched the ruts cut into rock by the pioneers' wagon wheels. I looked a buffalo in the eyes, from ten feet away. Ruth, Maggie and I went on the MOOSE trip (Maryville Outdoor Outreach Service Experience), an astonishing overland journey taking in dozens of historical and natural wonders from Tennessee to Wyoming.

We worked in National Parks, digging out trails for hikers, removing roadside greenery that blocked the view and increased road kill rates, and painting an entire building in a day. It was good, hard work. I saw the Great Plains, heard wolves howling, and learned how America became a continental nation. The spirit of our singing fellowship of nine companions was unforgettable. To them, and the Bonner Foundation, I say a big thank you."

Angie Armstrong

Over the summer Angie did her service at Patch Work Therapeutic Riding Center in Groton, New York. She worked 12 hours a day, 7 days a week with physically and mentally handicapped children and adults.

"This summer challenged me physically and mentally. The work was hard and I grew to love it. The horses taught me a lot about life, and how to approach challenges. You cannot force a horse to do anything. You have to make them want to do it through respect and love.

The people I came to know and love while working there showed me how to love and appreciate life, and I will be forever in their debt."

"I went on a Volunteers and Missions trip to Pass Christian, a town on the Mississippi coast. The group, from Danville United Methodist Church, has taken on a ten year project to go there to help repair the damage from hurricane Katrina. They have been there 6 times. The first time I went I saw washing machines in the sea.

This summer was my 2nd trip. We served for one week, finishing clearing and cleaning a house two blocks from the ocean so a couple could move in, before starting on another house.

The church we stayed in is now open for normal use again, so next time we'll stay in tent city. That was a camp for homeless residents that volunteers now use."

The Lascivious Biddies

On Monday, August 27, 2007, "The Lascivious Biddies" were back at Union for the second time.

The Biddies' popularity drew a big crowd of students and others to the Conway Boatman Chapel. This year, having bought their albums at the last concert, students could sing-a-long to their favorite numbers.

The all-female cocktail pop quartet makes headlines for an energetic show filled with humor, expert musicianship, and angelic harmonies. The foursome consists of Deidre Rodman on piano and melodica, Lee Ann Westover as lead vocalist, Lilly Maase on guitar, and Saskia Lane on bass.

60 Years Celebrating The Pioneers

In May 1948 Professor Karl Bleyl and Union students started the first ever Daniel Boone Festival. It has grown into a huge carnival, with at least one float representing our college every year. Along with the President's family carriage there were several students in the parade on October 13th 2007, in various guises...

The Bonner Scholars organized the Fort Union booth, where you could buy food and drink or even have your portrait drawn. The profits funded their spring trip.

People come from far and wide to see Cherokee dancers, try the rides, hear the music and see the parade that celebrates the rich history and diversity of our corner of Kentucky.

Homecoming has been an important part of this college's traditions since the beginning, in 1879. The celebration of this event is not only for the students that are attending Union now but it is to remember and to reunite those many Bulldogs who have long since graduated from these hallowed grounds. For most, this time of year is the only time they get to see and to be with the friends they graduated with here from Union. For others it is a great celebration to see how the current year's football team is doing. This year's gatherings were: 1961 Reunion Somerset, Kentucky; Grand-Rapids-gathering; Louisville, Kentucky, Aug. 10, 2007; Nashville, Tennessee; Covington, Kentucky; Maysville, Kentucky; Florence, Kentucky; Paintsville, Kentucky; Miamisburg, Ohio; and New Albany, Indiana.

Student Support Services

Fall trip to Asheville, NC, Biltmore Estates

Spring, three day trip to Washington DC

2007-08 Peer Mentors

Student Support Services (SSS) is a Federal Funded Grant program that serves 175 first generation, low-income and/or disabled college students each year on Union College's campus. The SSS program is a retention program designed to help this population of students graduate from college with a Bachelors degree. We offer many free services to these students. Examples of these services are: tutoring, Supplemental Instruction, peer mentoring, personal counseling, graduate school and career counseling.

We also offer a variety of workshop opportunities for students on various topics such as study skills, test taking, note taking, stress and time management which take place over the course of the academic year. Our Career Center also holds workshops such as: resume writing, cover letter writing, interview techniques and job search techniques. Each year we provide students with the opportunity to attend graduate school tours to colleges and universities that are in surrounding states and job/career fairs that are put on by various organizations around the region. We also offer students three cultural enrichment opportunities throughout the academic year. We take two day trips during the fall semester and one three day trip during the spring semester. During the fall 2007 semester we took a group of students to Shaker Village in Danville, KY. For our second trip of the fall we took a group of students to Asheville, NC to tour the Biltmore Mansion. During the spring 2008 semester we took a three day trip to Washington, DC. In Washington, DC we toured the historic sites of our nation's capital.

WILDERNESS BULLDOGS

With the start of each new year the Wilderness Club tries new and exciting activities that are open to the entire student body, as well as faculty, staff, and the community when possible. This year has been a busy year for the club. During the Fall Break the club sponsored three separate trips to different places for different activities: whitewater rafting, hiking on the Appalachian Trail and attending the TAG (Tennessee, Alabama, Georgia) caving conference. The Spring Break trip was at John Taylor's farm in Pendleton County, WVA.

New activities for the club this year included horseback riding and whitewater rafting.

Jack Chesney and Charles Wykeham, two students about to graduate from Oxford in 1894, want to invite Kitty Verdun and Amy Spettigue to lunch in order to propose marriage. Victorian gentlemen needed to secure a chaperone before they could invite young ladies to their dorm room. In this case, Jack and Charley are counting on the arrival of Charley's aunt, a rich widow Charley has never met. Kitty and Amy accept the luncheon invitation and the party is about to start when word arrives that Charley's aunt is delayed. Panic attack! Jack and Charley persuade Babbs, their fellow student, to pose as Charley's aunt when he models a costume he has obtained for amateur theatricals in which he will portray an old lady. Jack's father, who is having cash flow problems, begins courting Charley's Aunt, as does Kitty's guardian, Mr. Spettigue. When the real Charley's aunt arrives, the mischief multiplies to hilarious proportions.

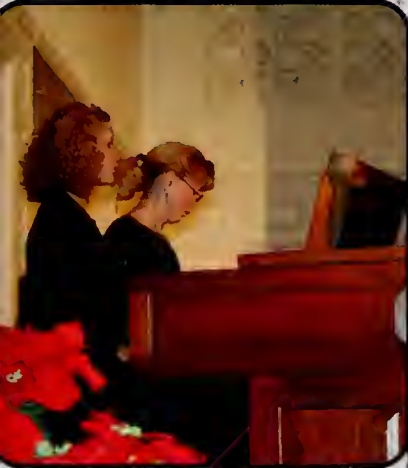

BREAKFAST WITH SANTA

Christmas has always been a time when it was better to give than to receive. This year was no different and was great fun. The turn out was more than anyone expected. Parents were as excited about meeting Santa as the kids were. On December 1, 2007 in the Conway Boatman Chapel at 8:00 p.m. the harmonious voices of the Union College Singers, the Regional Chorus, and the Union Harmony came together during the joyous occasion of the Christmas Festival. Under the masterful leadership of Gay Gandy (conductor) and Ann L. Cadvine (pianist/organist) these three choirs performed such classics as: The Many Moods of Christmas, Silent Night! Holy Night!, Born, Born in Bethlehem, Hush, My Babe, The Manger Carol, Gloria in Excelsis Deo, Christmas Lullaby, Dashing Through the Snow, The Little Drummer Boy, and many more. Immediately following the concert there was a reception in the Atrium of the Sharp Academic Center where people could get a snack and meet with and congratulate the performers.

King's Feast

At this joyous time of year the faculty, staff and students come together to celebrate the season through food and fellowship. The 7th Annual Christmas Dinner was a huge success. Set up as an evening to celebrate students, the event continues to promote equality among all campus groups. Since its inception Dr. Dan Covington has organized the many faculty and staff needed for two full seatings in the cafeteria.

It is an interesting evening as faculty see students and their responses to being served by administration, faculty and staff.

Pres. Ed de Rosset, athletic coaches, professors, safety, student life, technology, library, business department, admissions and administrative assestants across campus came together to serve the students this special holiday meal.

Described by Cornel West as an artist who speaks his truth with a power we desperately need to hear, **Bryonn Bain** is Brooklyn's own spoken word champion and hip hop poet. Wrongfully imprisoned during his second year at Harvard Law, Bain sued the NYPD, was interviewed on 60 Minutes, and wrote the Village Voice cover story - Walking While Black - which drew the largest response in the history of the nation's most widely-read progressive newspaper. Bryonn currently hosts BET-Js current affairs talk show My Two Cents airing weekly in 27 million homes worldwide.

At 18 years old, Bain produced *Ntozake Shanges For Colored Girls Who Have Considered Suicide When the Rainbow is Enuf* at the world famous Apollo Theater. Bain created the hip hop/spoken word remake of the Broadway hit *The Wiz* What It Iz: The Spoken Wordical which won rave reviews at Yale, Longwharf and American Place theaters. Other credits range from a South African freedom fighter in *My Children, My Africa*, to independent films such as *Hunting in America* (Roxbury Film Festival winner) and *Filmic Achievement* (Nolita Film Festival winner). Bain recently played a cult leader in *Pig Hunt* directed by Academy Award winner Jim Isaac (*Gremlins*, *The Fly*, *Star Wars*) and slated for release in 2008. Beginning in December, look for Bain as the lead in the Off Broadway comedy *From Auction Block to Hip Hop* at the Florence Gould Theater (produced by the creators of the NYC *Platanos* and *Collard Greens*).

A Nuyorican Grand Slam Poetry Champion, Bryonn has performed at over 100 U.S. colleges and universities, as well as in Africa, Asia, Latin America and Europe. Featured in the documentary *Urban Scribe*, his acclaimed debut album *Problem Child* laced by the producers of artists ranging from Jay Z to Dead Prez fuses hip hop and spoken word with reggae and other world music. The grassroots organization Bryonn founded in 1997, *Blackout Arts Collective*, has organized workshops and performances reaching prisons and public schools in twenty-five states, and works regularly with teenagers incarcerated at Rikers Island prison.

Having taught hip hop and spoken word at NYU and Columbia, this fall Bain follows the footsteps of legendary Black Arts pioneer Sekou Sundiata as Poet-in-Residence at the New School University.

Working Hard in the Big Easy

Page by: Christopher Lee Osborne

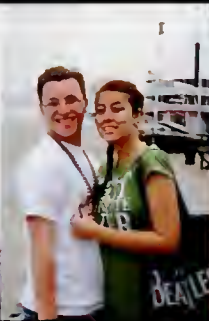

Nearly three years after Hurricane Katrina flooded most of New Orleans, a two-van team of staff and students from Union volunteered their time during Spring Break to help in the relief effort. We worked in St. Bernard's Parish, which once held 67,000 people of whom only 25,000 have returned. We stayed at Camp Hope, an abandoned middle school, which hosts hundreds of volunteers on a daily basis (see above, far left). The people of New Orleans told us personally, "where levels of government and insurance companies have failed us, church groups and volunteers have kept coming and have fixed 3,000 houses so far." During the course of the week we worked on 4 projects. The first assignment was at a recycling depot which cleans and sells refurbished materials from houses and the surrounding community back to those who wish to restart their lives in New Orleans. Next, we took part in the Ka-tree-na Project planting donated trees for the improvement of one of the many neighborhoods. The following day we visited a retirement home which is now in an abandoned hospital. The residents told us their stories of this great tragedy. On the last day of the trip Union, along with other groups from around the country, went to what used to be the original retirement home, which had been under water for a month after the hurricane, to begin ripping down ceilings and gutting interior walls of that building. Funding for this trip was provided by the Common Partners Program, the Spiritual Life, and Student Government. Our volunteers were Kristin Smith, David Miller, Angie Armstrong, Ashley Brown, Travis Carmack, Jeanne Davis, Josh Hampton, Jonathan Kinsey, Maggie Mayes, Stewart Miller, Paula Mosley, Stephen O'Donoghue, Christopher Osborne, Elise Ratterman, Andre Thornton, and Autumn Willoughby.

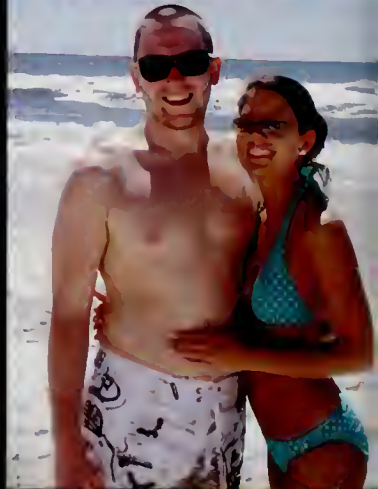

After the disaster, teams searched for survivors or bodies, and prayed the totals beside each doorway.

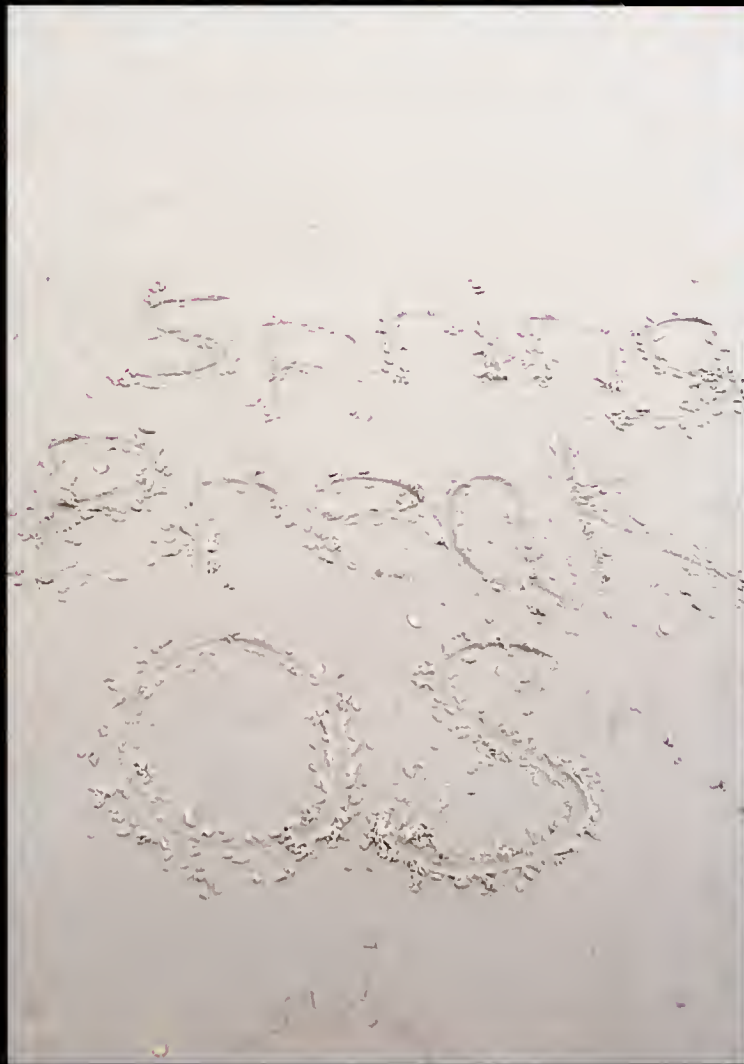

Where Did...

Each year for spring break people travel far and wide. Whether it is to go to new and exotic places, or simply to go back home to visit their family; our students feel the need to travel. This year people went all over. Friends went to the beach together. Teams went to competition together. Others went to see great natural beauties. Some contributed their time and efforts to help rebuild homes for the needy. From as far North as Canada, to Key West, Florida the students from Union had plenty of adventures to remember.

Honors Community

The Honors Community is a new initiative at Union this year, directed by Dr. Jimmy Dean Smith. He says "a number of faculty and staff are pitching in."

"It answers a need to give academic and extracurricular programming to our most motivated students. It provides an alternative way of orienting yourself towards the campus."

This year's students were selected for their academic achievement in high school. They take field trips, and do speeches, presentations and homework afterwards. The Honors Advisory Group is comprised of: Professors Armour, Cooley, Botkin, Achenjang, Hrindra, Rice and Jones. Sharee St Louis, Dr. Smith's wife, does a lot of the behind the scenes work.

The first year's intake of 15 students were: Jeremiah Back, Nathan Beckley, Drew Chamberlain, Daniel Crump, Chelsi Deweese, Sarah Dunaway, Desiree Grimm, Stephanie Hoskins, Kristina Kirk, Austin Maples, Heidi Marsh, Sarah Mills, Kelly Parker, Brittany Pridemore and Danielle Singer.

Heidi says "It opens you up to a lot of new experiences. We were able to explore every aspect of our lives."

Sarah Dunaway notes that she has had a new "food, culture and religions." Kristina Kirk said "Its about personal awareness." Austin observes that her surname has become a new profanity, in the sense "I really Kirked that one up!"

They've seen the Knoxville's Greek Orthodox Temple, the King Museum in Atlanta, the Cradle of Christianity exhibit in Emory in SC, spent a weekend at a beachhouse in Charleston, and taken a snowy trip to Chicago. The inaugural year of the program has delivered travel, cooking and plenty of challenges to broaden students' minds.

Every year the Student Ambassadors go to SROW! the Southern Regional Orientation Workshop. This is a place where the Ambassadors can learn how to make our Summer Orientations better and more enjoyable for the incoming students. It is also a fun time for the Ambassadors for their hard work throughout the year. This year SROW was held at Columbus State.

Ambassadors at SROW: Eric Ashcraft, Carrie Bistline, Autumn Combs, Anthony Coote, Bill Davis, Amy Deininger, Sarah Dunaway, Jessica Florence, Jared Ford, Amanda Gibson, Hannah Goins, Amber Halo, Ashley Hall, Mike Harris, Arthur Johnson, Chevella Jones, Mel Kelly, Kristina Kirk, Brandy Ledger, Austin Maples, Brittany Puryear, Kerri Otto, Quentin Penn, Adam Woodward, Nate Peyton, and Amy Vallandingham.

THE WORLD IS MY CLASSROOM

UNION STUDENTS STUDY ABROAD

Daniel Vickers

Hello from Bregenz, Austria!

Studying here for the past few weeks has opened my eyes to many unintentional assumptions I had in regards to European lifestyle. Its much more relaxed, and everyone walks or rides a bike. The food is also much healthier than in the states. For a while it seemed as though I was still in America just surrounded by foreign tourists. I can't lie,

there has been some culture shock, as well as a slight withdrawal from some American commodities. Still, this experience has had a great effect on my view of the world outside of the United States. I would highly encourage anyone considering traveling abroad to do so.

FROM SUNNY SEVILLE!

My second journey out of the U.S. took me to hot and sunny Seville located in southern Spain. I was lucky enough to spend two weeks in the city with Professor Zwack. Since I was in the same city for two weeks, I had a great opportunity to experience foreign culture. During my time I became familiar not just with Seville, but with the different neighborhoods of Seville and the amazing people who live, work, and play there. I believe travel is important because it is a relaxing experience. However, I think the real experience is in the culture that you can discover while traveling.

Spring of Love

The thought of Spring returning was uplifting and inspiring to our choirs this year. There were two concerts this spring, a Valentine and Spring concert, with the same feel--there is love in the air in the spring.

Above: Dr. V. G. Gandy performing a solo.

Left: UC Singers women singing "Don't sit under the apple tree with anyone else but me!"

Below: Chelsi Deweese

There was a lot of love in the air at both Spring Concerts. Tears even flowed at the Valentine concert for the old songs including "My Girl," "Don't Sit Under the Apple Tree," "Stop in the Name of Love," and "Mr. Sandman." For the Spring Concert, UC Singers and Union Harmony music selections focused on "Worshipping our risen King." Selections such as, "Ride Up in the Chariot" and "O For a Thousand Tongues to Sing," brought the feelings of Spring and Easter together.

The Common Partners Program is a community service based organization here at Union College. Common Partners strives to provide students with volunteer learning opportunities and the local community with quality student volunteers to fill its needs.

Common Partners works with over thirty local non-profit and government organizations. The Common Partners Program offers nearly twenty on-going programs throughout the year. Students learn organization, time management, and leadership skills which will help them in the real world.

To laugh often and much;
to win the respect of intelligent people and the affection of children;
to earn the appreciation of honest critics and to endure the betrayal of false friends;
to appreciate beauty; to find the best in others;
to leave the world a bit better, whether by a healthy child,

to know even one life has breathed easier because you have lived.
This is to have succeeded.

"I'm originally from South Carolina, and grew up all over the state. I got here in 2000, when I was 13. We originally lived in Corbin, but we moved to Barbourville a couple of months after. I pretty much knew I would go to Union, partially because of my brother Rion, and just a gut feeling.

It's pretty nice. My favorite professor is Michael Ramsey. He's a history professor and it feels like he's telling a story, not lecturing."

"I commute from just across the street. Every morning I wake up, look out the window and there's Union, it's very disconcerting. You think it's hard spending 9 months here, try spending 12! I get to watch the ROTC and band camps in the summertime. When you're waking up at 6:30 in the morning to the sound of drums, it's very bad."

"It's pretty good to go back home in between classes. Although it does suck that all your friends live in dorms and you have to knock on windows to get in."

Welcome to Union. Did you come far to get here?

Very funny, Mr. President!

What is it like to live off campus? We asked some people, and here are the responses...

Commutees

Suzanne Gibbs graduated in December 2007, and got hired as a teacher at Knox County Middle School.

Suzanne with her son Gavin and husband Brandon.

"I loved Union. Lots of professors accommodated me because I was a non-traditional student, married with a child. Commutees have to allow 10 minutes extra to get to class. You're running late with a book bag full of books because you had to drop your child off.

I do like tennis, but they turned half the parking lots into tennis courts. I parked across the road, and every day got a piece of paper on my windshield saying they'd take my car away!"

Hey, kid. Come to Union in 13 years, OK?

Suzanne Gibbs

Jeff Frederick commutes from Stephens Trace everyday-- just east of Barbourville. He has lived and worked in Knox Co. almost all his life, except a short stint in Florida as a child and one in Richmond for a year. He lives with his wife, Shannon and two sons Devin (14) and Conner (10).

On the Go

Courtney was born and raised in Barbourville and graduated from Knox Central High School in 2004.

"I transferred from UK to Union in the Fall of 2007 and changed my major from pre-pharmacy to Accounting. I landed an accounting internship at Jackson MSC, an industrial dishwasher manufacturing company, at the end of the fall semester. I worked there part-time during the spring semester and full-time this summer (2008). I managed to take 18 hours of classes both semesters, participate in an internship, have a bit of a social life and still earned my spot on the Dean's List. I am very proud of that. Besides working hard at school and my career, I enjoy hanging out with friends and being outdoors. My plans upon graduation are to move south because I hate cold weather and love being near the coast. I spent Spring Break this past year in Sarasota, FL and fell in love with the area so, I am looking into living there in the future."

Below: Doug 'Muggs' Jones '73, '76 MA remembers with Betty (Holmes) Davis '72.

Union College Alumni are also eligible to take advantage of several beneficial programs that can have a positive impact on the college while helping you at the same time. These Affinity Programs are designed to help alums save money, while also ensuring that Union receives a benefit as well.

Alumnus Tom Faxon '70 shares his Union experience with students.

Money from the Phonathon is generally applied to the Union Fund, which helps to defray the actual cost of a Union College education and the amount a student has to pay. By increasing support for the Union Fund, we are decreasing the amount that Union students have to pay for a quality, private education.

The annual Phonathon, conducted in the spring, is just one way Union College Alumni can support Union, even as their terms as students have ended. By pledging to give any amount to Union, even \$1, you are helping to raise the overall contribution level. This makes Union more marketable when trying to secure donations from large foundations.

Friends Rachel Jumbelick and Amy Deininger reach out to alums during Phonathon

Assembled to support our Bulldogs!

Alums reconnect during Homecoming.

Graduating doesn't mean saying goodbye to Union! In fact, it's just the beginning of a new, special relationship that will stay with you no matter where you go. As a Union College alumnus, you're always a part of the family here. You can stay involved with that family by getting involved with the Alumni Association. There are no annual dues for membership, so there is no time like the present to join.

"Go forth my children and Conquer the World"

A Look Back at Union

Four years ago, I would have never believed that I would have the opportunity to be standing in front of you today. I never imagined this insecure, quiet freshman would ever develop into an assured, poised Senior, who would have such a great privilege.

So let me begin by acknowledging and thanking the entire Union College faculty and staff, my classmates, friends, and fellow graduates, as well as everyone in attendance today for joining in this celebration of our success. This opportunity to address all of you is extremely humbling, yet also very thrilling because today is the culmination of a goal completed. All of us came to Union immersed in an ocean of ambitions so diverse from each other, but with one common purpose; to be right here...to get to this point...to graduate.

Four years ago, when asked who I was, I most certainly responded, I'm a basketball player. However, now I realize that response did not correctly answer the question. I did not state who I was, I simply stated what I did. Truthfully, back then, I did not know who I was. There was a heap of feelings running through me, and no possible way of organizing my scariest thoughts: Thoughts of the future. Well not much has changed. The future is still a very frightening idea, but I no longer fear it; none of us should. Throughout our time spent at Union, we have all been tested, tried, pushed, and challenged. At times we succeeded, and sometimes we failed. Sometimes we made right decisions, but there were other times when we did not. Blatantly put, we have all lived and we have all learned. Our lessons may have been on the court, on the field, in the classroom, in the workplace, or even in our own home. Nevertheless, these varied life lessons, though so unique to each individual, have driven us a little further along our path of self-discovery.

To get this far, we tossed aside the idea of fate and took action to create our own destinies. However, the path does not end here. In fact, life is only beginning. Very soon we will all be given the chance to achieve greatness, and there is no doubt in my mind that all of you have this potential.

But that's the funny thing...What is greatness?...Who can put Greatness into words? We all aspire to be great, but it is hard to define, and even harder to achieve. So on our graduation day, where do we go from here? What type of greatness do you dare to desire?

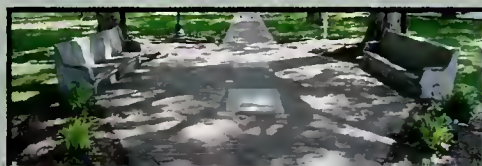

To a doctor, greatness might mean developing a cure for cancer. To an athlete, greatness might mean throwing a touchdown pass to win the Super Bowl. To a musician, greatness might be winning a Grammy. To an educator, greatness might be tutoring students after school hours. To most of us, however, including myself, greatness is right now. I do not believe greatness is the result of any single individual; greatness is built on a foundation cemented with relationships and experiences. Not simply relationships with family and faculty, but with each other. The only reason we have the potential to be great is because we have leaned on each other through the good times and the bad. We are all connected through our memories and experiences at Union, and I hope that all of you treasure and use these to comfort you in the years ahead. So get out there and do not be afraid to achieve greatness, whatever it may mean to you.

A congratulations is in order not only to us graduates for achieving excellence in academics, athletics, and the arts, but also congratulations to our faculty and staff, friends and family. Our success is your success, for you have given us the opportunity and courage to excel, and the faith that we can indeed be great!

"Five Hundred Twenty-Five Thousand Six Hundred Minutes, How Do You Measure - Measure A Year? In Daylights - In Sunsets, In Midnights - In Cups Of Coffee, In Inches - In Miles, In Laughter - In Strife."

As a yearbook staff member I use pictures to show you what happened throughout the year. This year was my second year at Union, and so far each year just keeps getting better! I'm glad I got a chance to take part in such a memorable experience by working on this yearbook.

The pages I worked on consisted of: Bulldog Madness, Cheerleading, Freshmen Move-In, Co-curricular Awards and Spring Break.

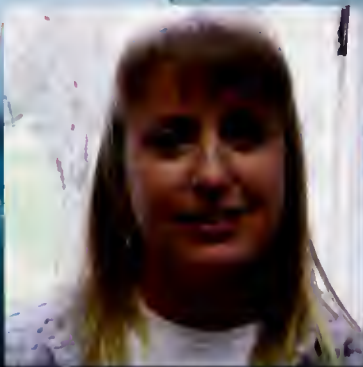

A wise man once said.. "No man can know exactly where he is going until he knows exactly where he has been and exactly how he arrived at his present place." Although I may not know where I am going the memories of this yearbook will allow me to see exactly where I have been and exactly where I am now. Being able to contribute to the yearbook has been a pleasure. As a Junior and a Bulldog Cheerleader, I take great pride in the memories Union has given me and I am pleased to have been able to help create a great place to store all those memories. My contribution to this year's yearbook included the Bulldog Football, Welcome Weekend, and SGA Tailgate pages.

Megan Carnes

This is my first year at Union. I am a nontraditional junior still learning my way around. Being a part of the yearbook has been a great experience, capturing moments of our year and creating a book of memories that we may carry with us throughout our lives.

Special thanks to Michael, Chris and Stephen for being patient and helping me learn. The pages that I did were for Women's Basketball.

Lisa Seals

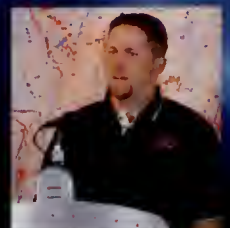

When I was asked to create the cover art of this year's yearbook, I was both excited and humbled, and I knew that I had to live up to the past two years' artists' brilliance. I knew that I wanted to create a collage that showcased the hundreds of people and events that could be found on the pages within. And I wanted it to be something that people would take the time to look at in depth, a piece of photographic art that was detailed and interesting. The pictures were taken by numerous students, faculty, and staff. Had it not been for their unflinching loyalty to Union and their steadfast dedication to documenting our events, there would be no cover. I thank all the photographers who provided me with material, I thank the yearbook staff for their excellent work, and I thank Dr. Marley for the opportunity and support.

Angie was the artist who designed our STESPEAN cover this year.

Angie Armstrong

Suzannah Behnken and Brooks Napier, while not members of the yearbook staff during the regular school year, jumped in and helped get the last pages completed during the summer. Brooks did the golf pages and Suzannah wrote the text for both softball and baseball. Thanks for helping.

STESPEAN STAFF

Another year has passed and many more memories have been made. I have to say that I am glad that the yearbook has made a comeback and that I will have lasting memories of my college career, this being my final year as an undergraduate. I leave knowing that I have made many great friends which will be missed. I leave this college with a Bachelors in History, Secondary Education, Business Administration, and emphasis in the Social Studies Area. Some of the activities that I have taken part in are holding the position of Wilderness Club President, Resident Assistant, Campus Activities Board (CAB) member and National Speleological Society (NSS) member.

Christopher Osborne

This year I have taken interviews, made pages, took tons of pictures, and made many road trips with various teams and clubs to get the best photos. The pages I was responsible for this year were The President's page, Women's Soccer, Cycling pages, Men's Basketball, Alumni Homecoming, Wilderness Club, Fall Theatre Production, Alternative Spring Break, Breakfast with Santa, Christmas Concert, Christmas Dinner, Exam Scram, Spring Convocation, Spring Theatre Production, the Pep Band, Baccalaureate, and Graduation pages. I also helped with the Women's Basketball and mug shots pages.

Bradley Hobbs

As the third year being involved with the yearbook, I find this year different in all areas in seeing what I have seen in past yearbooks. I want to give applause to all the help that we received.

I am a Junior majoring in Computer Information Technology. During this year, I found it almost not possible to complete my part in the yearbook project. I love being fun and creative. As little by little, I took Swimming, Volleyball, Biddies, C.I.R.C.L.E.S, Tailgate Party, Year in Review, and Spring Choir Concerts.

Again, I want thank all for helping to make this possible and how this book became a piece of artwork. I wish the best of luck to the seniors that kept the yearbook efficient.

I'm proud of the work I have done. It takes more than just throwing pictures and bright colors onto a page. You have to be creative and imaginative, because sometimes your resources are limited. There were a few times when I couldn't find the right type of shot of someone and many times when there were no colors to work with a certain background. Being the artistic person I am, I worked my way around those problems. I've searched for so many backgrounds to use on every page, but some resolution was never high enough to fit one portion of the page, so it couldn't be used. I've learned doing this, which isn't easy in each limited time frame. Aside from a few difficulties, I enjoyed working on the yearbook and I hope you will enjoy the work from myself as well as the entire yearbook staff.

Andre Thornton

As an incoming freshman, I never knew how much Union College had to offer. One of those many offers was working with the yearbook. I really enjoyed working with the yearbook staff, even though I didn't have it as a class. I did all my work in my free time. I want to thank Stephen, Lee Ann, Chris, and all the yearbook staff. If it wasn't for them, I wouldn't be able to have such great pictures to display on my pages. This helped me create many memories here at Union College. Some of the pages I have done throughout the year were Upward Bound, Summer of Service, & Common Partners. I have taken countless pictures throughout my year here at Union College and I hope to continue this for the remainder of my college career.

Jonathan Kinsey

Lee Ann Luxenberger

Lee Ann Luxenberger left Union College in Fall 2007 after seven years working here as a member of staff.

Lee Ann loved taking photographs, and was generous enough to upload hundreds to her Facebook site for students to see. This yearbook, and the previous two, have featured lots of her pictures. We'd all like to say "thanks" for that. The amount of hours that she has given to the yearbook staff work are countless, we owe much more than just a thank you to this amazing woman.

Other photographers whose work appears in this Stespean include Jay Stancil, Missy Frederick, Brenna Wallhauser, the CAB team and Gene Renfro. You do great work. Thanks for letting us use them and being a part of the Yearbook staff. We couldn't do it without you

Barbara Teague

Barbara Teague and Barry Hickey provided very important information used to build the individual photos section. Thanks also to Jerry Jackson, Jay Stancil, Dr. Fidelis Achenjang, Dr. Joni Caldwell, Dr. Jimmy Dean Smith, Rev. David Miller, Heather Hines, Kathleen Crossen and Tommy Ruth. Other student contributors included Taylor Lamblin, Selena Fox, Katerina Santiago, Brittany Pridemore, Amy Vallandingham and Israel 'Izzy' Santana. There were also large numbers of students who helped us as interviewees and picture donors. Your images and words will live on these pages for decades to come. Thanks!

It's a raid! Taylor, Clayton, Rafael, Nate and Jared decided my room needed searched. They found several loud items of clothing, but I got off with just a warning.

When I wear stuff saying I'm Irish, I just look like an American...

When I got here Krystal Tarlton gave me my first brownie.

Cullen Smith lets me try my first-ever hard tack. He cooked it. I'm glad I'm not a Civil War soldier!

Eric Downey (left) was the first person to hit me in the head with a baseball. (By accident - his dog Blendin distracted me.)

I like big bugs, and I cannot lie...

I Love it here...

Steve O'Donoghue, yearbook editor.

I took a million pictures, helped with the mug shots, taught folks how to do stuff, did some pages, the index...

It was great to go to New Orleans this year (thanks to Ashley Brown right), the other organizers and sponsors). We enjoyed working hard to clear the mess Katrina made. The stories of residents, and some of the sights were haunting, though. Above is a wrecked statue of Jesus in a residential home we were gutting. It was a sad symbol of the personal losses and desecration of a beautiful city.

This year I was VERY busy running the Children's Art Program and Bulldog Buddies. The workload was huge, but nothing in my life has been so rewarding and worthwhile. To find something I was so good at, that helped kids' confidence and creativity, was such a joy. You should all volunteer to help out with this program.

Dr. Isaacs took me to see the Moonbow at Cumberland Falls. Thanks!

I love Union College. It's a beautiful thing.

My first stage acting, as the dinosaur and 3 bit parts in Rector Little Theater.

Angie Armstrong took me north to New Jersey for my first American Christmas.

The first American to kiss me was Maggie Grimm. Hello Maggie!

Friday 18th April, 2008: my first earthquake wobbles my bed furiously in Old Pfeiffer dorm. I was sleepy and wondered what the heck was in my room and messing with my bed!

I'd never ridden a horse before. Mine kept farting on the people behind me.

Thanks to the people who helped me stay in America: Jerry Jackson, Dr. Marley, Andrew Cummings, Debbie D'Anna, Lee Ann Luxenberger, Cullen Smith, Clinton Hammons.

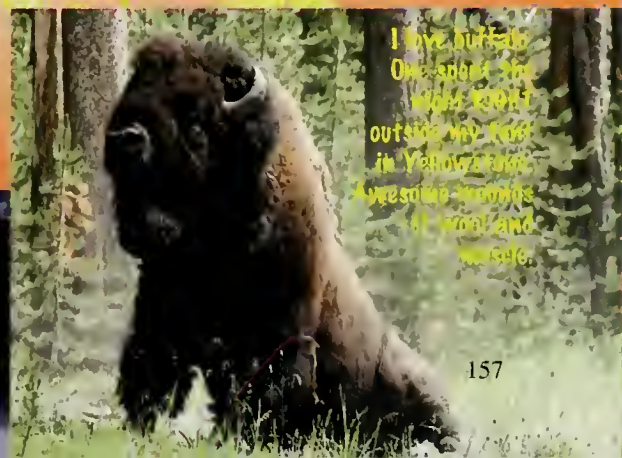

In America things are BIG!

I do miss Momma...

Appalachian caves are beautiful.

I love bunnies. One spent the winter right outside my door in Yellowstone. Awesome moments at work and home.

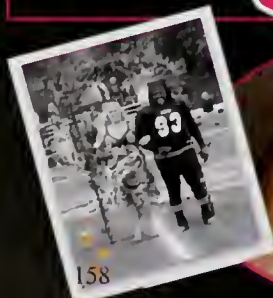

I have a wonderful group of friends that I call my family. We are so different it's hard to believe we are friends, our shoes alone show are differences. However, I love the fact that we are all different and yet all the same and I wouldn't change a thing.

Chevelle Jones

I love Union and everything that goes with it. I have never been to a place where you are automatically accepted when you arrive.

As a student this year I have managed to be the yearbook editor, and Student Ambassador president. I'm very lucky to have such a great place to call home. I can Honestly say Union was one of the best decision I have ever made.

Faculty Advisor: Dr. Christine Marley-Frederick

Here at the Stespean, we find that we can't locate enough or adequate wording to properly describe and thank Dr. Christine Marley for all that she does. She's a constant source of creative input, compliments, ideas, and motivation. Without her tireless work, this yearbook wouldn't be in existence. Dr. Marley maintains this Herculean task load, on top of and in addition to her normal class load and her personal load as a proud parent of two boys. We would like to thank our chief advisor, Dr. Christine Marley, for her dedication, energy, creativity, and most of all, her compassion. We love you Dr. Marley!

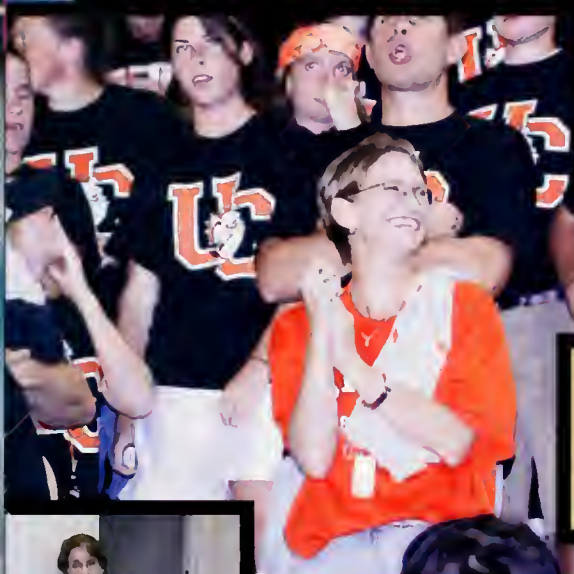

Smiling in the rain...

Dr. M wrestles with Lucas at a home football game.

Whistling and cheering her way through the battle for the brass lantern, Saturday September 1st, 2007.

Why are you holding this yearbook now? From 1999 to 2004 nobody made one - those are seven lost years of Union College's history. It was Dr. Christine Marley-Frederick who stepped up and volunteered, without pay, to bring the Stespean back. She does get paid now, but it is still remarkable that she works far into her summertime to polish and perfect the book you are looking at now.

In the yearbook lab, always with her cup of coffee.

In our television studio, with Whitney Bundy.

Many students love Union College, and their biggest reason is some remarkably generous staff and faculty. Dr. Marley is one of those stars who is brimming with energy and friendliness. Her vocal variety and enthusiasm in class are wonders to behold. Her spirit is matched by her professionalism. We salute you!

Did you know she was a cheerleader? Forever well poised and balanced, she's been known to do cartwheels in class!

The entire family helps out with the Lakeside Squares game, April 8th, 2008.
